

## LOCAL NEWS.

THURSDAY EVENING, APRIL 11.

**FIRE.**—The alarm of fire last night, about eight o'clock, was caused by the burning of the large brick stable, on the corner of Fairfax and Queen streets, owned by Mr. James Chatham. The fire department was speedily on the ground, and at work, and owing to the exertions of its members, the flames were prevented from extending beyond the limits of the building in which they originated, which, however, was totally destroyed. The fire was undoubtedly, it is said, the work of an incendiary, and several small boys were arrested by the police last night, charged with the crime, but soon afterwards released, as nothing definitely implicating them was known. Mr. Chatham was insured for \$1500 in the Manhattan Company of New York. Messrs. Withers & Tolson, who occupied the building, as a store house, lost about \$700 worth of hay and feed, on which the insurance had expired just eight hours before the fire occurred. Mr. G. E. White lost about \$300 worth of guano, stored there, which was fully insured in the Home Company of New Haven.

**ALEXANDRIA.**—In addition to the many other inducements which we, from time to time, and frequently, present in reference to this city, we would state that it is one of the healthiest towns in Virginia—the rate of mortality being always low; and that it is very rarely afflicted with any epidemics, even when they prevail extensively throughout the country. A deep and rapid river flows in front of it, carrying off impurities, and its inhabitants are supplied copiously by water works with the best water. The streets are graded and paved, the drainage good, and the city lighted with gas, manufactured at the gas works, belonging to the Corporation.

**HOOK AND LADDER COMPANY.**—The laudable object of forming a Hook and Ladder Company—a desideratum here—is receiving the consideration of some of the young men of the city, and if liberal subscriptions to a fund to be raised for that purpose are made by the different Fire Insurance Companies during business hours, and a commensurate appropriation voted by the City Council, there is no doubt, judging from the material of which the company is to be formed, that a reliable and efficient means of assistance will thus be rendered to the present Fire Department of this city.

**NEW STEAMBOAT.**—There is now in process of construction at the ship yard of Mr. Joseph Hunter, for Mr. Miller, of Washington, but for some years past a resident of the East Indies, a steam wheel, high pressure steamboat, of ninety feet length of deck, destined to run between Washington, this city, and Baltimore. It is the intention of Mr. Miller, provided this boat—which will be completed in sixty days—realizes his expectations, to have one of similar character, but of double the size, built at the same yard.

**EXHIBITION AT ST. MARY'S HALL.**—The Exhibition of the Stereopticon, or Dissolving Views, for the benefit of St. Mary's Sunday School, was pretty well attended last night, notwithstanding the short notice and the fire; and those who were present, including most of the teachers of the city, expressed much gratification. The views of Statuary, especially, are chaste and elegant, while the children are provided for in some very amusing scenes. An entirely new programme is promised to-night.

**NORFOLK LINE OF STEAMERS.**—Mr. Thos. Stackpoll, of Washington city, as the agent of other parties, has within the last few days, purchased, it is reported, a first-class steamer, which is to be placed on a line between Washington, this city, and Norfolk, to be started within a short time. In years gone by, this line of steamers between Washington and Norfolk, was a paying concern, and there is no reason why that about to be established should not be equally if not more, successful.

**ORANGE AND ALEXANDRIA RAILROAD.**—The Superintendent of the Orange and Alexandria Railroad, Mr. Vandegrift, has returned from an inspection trip upon that road, and represents the track along the entire line to be in much better condition than was to have been expected, in consideration of the wet weather that prevailed during last month. The editor of the Richmond Enquirer, who has lately traveled over this road, also speaks well of its present condition.

**ICE.**—The dealers in ice, in this place, having laid in large supplies, will, as soon as the weather becomes warm, commence sending round to their customers, to be delivered at their doors, the finest and best of the "congealed water"—now almost, from use and habit, a necessity for comfort during the summer months. In the article of ice no place is better accommodated than Alexandria.

**THE FISHERIES.**—Our accounts from the lower fishing shores on the Potomac, are all favorable. We understand that the gillers for shad are very successful. At some of the longings heavy hauls of shad and herring were made up to yesterday. Our friends from the country are beginning to come in, to buy their fish from the strikers and packers here.

**SALE.**—The frame building, at the foot of Franklin street, near the river, erected during the war for Government purposes, and since used as a church and school for colored persons, was sold, this morning, by order of the government, and we hear, is to be taken down, and rebuilt elsewhere, by the present purchasers.

**RIVER BOATS.**—The steamers Express, from Baltimore, and Wawaset, from Currioman, due here yesterday evening, did not arrive until about eight o'clock last night, in consequence of a heavy fog that prevailed on the river yesterday morning.

**LAND SALE IN LOUDOUN.**—The Loudoun Mirror says: "A tract of land lying near Aldie, in this county, containing 240 acres, and belonging to George Garrett, was sold at public sale in Leesburg, on Monday last, for \$10 per acre: James A. Silcott, purchaser."

**BAND OF THIEVES.**—Within the past three or four days constables Edelin, Burnett and Walsh have discovered in this city, and its immediate neighborhood, the existence of a regularly organized band of thieves, composed almost entirely of negroes who have come here since the commencement of the war. Of this band six, Robert Coleman, alias Smith, John Turner, John Green, Robert Palmer, alias Mosely, Henry Tucker, and William Diggs, have been arrested, and are now confined in the county jail awaiting a further examination, at which, it is thought, information will be received that will lead to the dispersion, if not arrest and punishment of the entire gang. The organization has been in existence for several months, during which time many robberies have been committed, but those which led to the discovery of the criminals were perpetrated within the past two weeks, and were at Mr. John Haines, on the Washington Turnpike; at Mr. Edward Quinn's, corner of Orconoco and St. Asaph streets; at Mr. Robert McQuinn's near the Bridge pump; and at Mr. Townsend Pendar's, near the tunnel; accounts of which have already been published in the Gazette. Some of the arrested parties have become so much alarmed at the probable result of their villany that, thinking to benefit themselves by criminalizing others, they are making full confessions, and, from their statements, it appears that the premises of Mr. William Yeaton, on Orconoco street, and Mr. Edgar Snowden, on Water street, and those of many other residents of the city had been invaded and inspected with reference to a future visitation, and on these visitations, should obstructions be met with, means were always on hand to remove them, of whatever character they might be.

**MAYOR LATHAM.**—The following extract is from the Richmond Examiner of yesterday: "Hon. Hugh Latham, Mayor of Alexandria, is in Richmond, for the purpose of attending the meeting of the Grand Lodge of Odd Fellows, of Virginia, which convenes to-day."

**PERSONAL.**—The members of the Legislature, from this city, and those from Loudoun County, left here last night, in the steamer Vanderbilt, for Richmond, via Aquia Creek.

**FISH.**—Upwards of one hundred thousand herring, and a large number of shad, reached the Fish Wharf this morning, and were quickly sold to the packers. The quality was very fine.

**CANAL ARRIVALS.**—Sixteen boats, direct from Cumberland, with coal, arrived yesterday, and six to-day.

**POLICE REPORT.**—Mayor's Office.—Wm. Turley, a soldier from Battery Rodgers, committed to jail a day or two ago, for an assault on James McGuire, was released—no one appearing to prosecute him.

Ike Norris, colored, for an assault on Alice Boston, colored, was discharged, as no one appeared against him.

A colored woman, arrested on a charge of being implicated in the late robberies committed in this city, was discharged, for want of evidence.

**MAGISTRATES' OFFICE.**—No cases worth reporting this morning at the Magistrates' Office.

**WASHINGTON ITEMS.**—At the meeting of the Board of Trade on Monday night, the fact was developed that there is a wide-spread destitution among Southerners who have come to this city. Several gentlemen related instances indicative of the deepest poverty.

The grand jury has ignored the indictment against Dr. Aaron W. Miller, charging him with manslaughter in causing the death of Lilla Hollingsworth, on the 23d of December last, by an alleged error in a prescription he had prepared for her.

The public squares, gardens, and grounds are beginning to assume a summer appearance, and they are daily thronged with visitors.

The colored people have almost completed their preparations for the celebration of the emancipation anniversary on the 16th inst.

Mr. Clark, the engineer in charge of the Capitol extension, advises for earth to be deposited on the low grounds about the Capitol and on the terraces of the building.

It is said in sporting circles that a prize fight is to come off shortly in Virginia between a young man from that State and one New Orleans.—*Nat. Int.*

**WHO CAN REGISTER?**—In view of the early registration of voters to be commenced in District No. 1, the question is frequently asked, "who can Register?" The answer is simple and may be summed up in a few words. To be disfranchised, the party must be guilty of having held, prior to the war, either a "legislative, executive, or judicial office," and afterward rendered aid and comfort to the Southern Confederacy. No amount of service rendered the Confederacy during the war at all disqualifies a man from voting, unless he had previously been guilty of one of the three offences named above.—*Loudoun Mirror.*

**CHLOROPFORM.**—A young lady died in Baltimore last week from the effects of taking chloroform, which was administered to her by a dentist, with the consent of a physician. This is the third death from the same cause that we have had to chronicle within a few days.

**COMMUNICATED.**—In the Washington Items of News copied in the Gazette from the National Intelligencer, is a statement of the arrivals of Fish at the Washington Fish Wharf. I am sorry, however, that they had not purchasers enough in that great city for 37,000 herring, and 10,000 shad. They were, after being hawked about in Washington, to find purchasers, brought to this city, and all sold to one individual who had them all salted in a few hours. I think in very doubtful if they send any more to Washington, unless the Freedman's Bureau goes into the salting business at that port. If so, a small quantity might be sold. Yesterday 100,000 herring landed here and 15,000 shad, and were all sold in one hour, and salted by our numerous salters.

**HENNING** has some beautiful Boy's Suits—Jackets and Pants—for eight dollars, at his One Price Store, on the corner of Seventh street and Maryland avenue, Washington D. C.

**DIED.**—On Sunday night, the 7th inst., after a short illness, Miss MARY LOUISA WATERS, of West River, Maryland.

**DISSOLUTION OF CO-PARTNERSHIP.**—This is to give notice that the co-partnership heretofore existing between M. RUBEN and HENRY BAADBY under the firm name of M. RUBEN & CO. is dissolved by mutual consent. The business will be dissolved by mutual consent. The business will be dissolved by mutual consent.

**LAND SALE IN LOUDOUN.**—The Loudoun Mirror says: "A tract of land lying near Aldie, in this county, containing 240 acres, and belonging to George Garrett, was sold at public sale in Leesburg, on Monday last, for \$10 per acre: James A. Silcott, purchaser."

## MONETARY AND COMMERCIAL.

Business was active at the Baltimore Stock Board, yesterday. Gold advanced 1/8 per cent on the rate of previous day, closing at 136 1/2, after having sold up to 136 1/2 in the morning. Government bonds were all lower, the gold-bearing bonds declining 1/4 to 1/2 per cent. The 7 3/8's were unchanged. Of State stocks the Virginia registered 6's were unusually active, but a trifle lower towards the close. City 6's were unchanged. There was some activity in Railroad bonds, and Mining stocks were looking up. Gold again advanced 3/8 per cent yesterday, at New York. Governments were, generally, steady and unchanged.

**GEORGETOWN MARKET.** April 10.—The offerings at the Merchants' Exchange were: 4,700 bushels white corn, 1,000 bushels yellow corn, 200 bushels red wheat, 400 bushels family flour, 800 bushels extra, 500 bushels cut extra, 175 bushels 10 lbs fine. Sales—2,700 bushels white corn, \$1.14; 1,000 bushels yellow corn, \$1.15; 200 bushels red wheat, \$2.40. No transactions in flour. The grain market is excited, and higher prices may be anticipated.

A New York letter of yesterday says: The decline in cotton abroad, together with the slowness of trade here at home, is having a damaging influence on dry goods. Prices of all the leading styles are very weak, with indications of a general break. Many of the leading houses are retreating foreign fabrics at prices below the actual cost of transportation.

## MARINE LIST.
